

Café Royal

Dear Mrs. Huseman:

We here at the Royal want to thank you and your organization for booking with us last Tuesday. We hope you guys enjoyed being here as much as we enjoyed having you. I also hope you guys will consider making us your venue for all your events. I think you will agree you can't beat our location and of course our food is always top notch.

If there were any problems or concerns that you had after the event I would be happy to hear from you. There is always room to improve, but I hope that overall you received the level of food and service you were expecting. Tony and I feel that you guys are wonderful customers and we both had a great time with you guys. Feel free to stop by and see Tony and me. You don't have to have an event to get a good meal, any excuse will do.

Sincerely;

*Bryant Blackwelder
